

## Brief Convey™ now available to Alberta Legal Professionals

Stewart Title is pleased to announce that its conveyancing application, Brief Convey™, will be available to real estate legal professionals in Alberta effective August 24, 2009.

Brief Convey™ provides valuable time and cost saving tools to law offices. It enables legal professionals and their support staff to generate and complete the required documents needed to close real estate transactions *and* order title insurance from one intuitive application. Key components include:

### Built-In Functionality

- Pre-loaded precedents for residential purchase, sale and refinance transactions
- Manage files via the intuitive Workflow Management Tool
- Automatic calculation of GST and GST rebates
- Manage closings and bring forward items using the calendars feature
- Create and manage contact lists
- Generate reports to view all aspects of your conveyancing practice
- View current lender schedules and product information
- Automatically generate mortgage documents

### Integrated with Your Office

- Brief Convey™ comes integrated with applications and services commonly used by today's real estate legal professional to reduce errors and duplicate data entry
- Integrated applications include SPIN2, TELUS Assyst Real Estate, Microsoft® Outlook and Stewart Title's own STEPS™ platform for title insurance ordering directly from Brief Convey™

### Customized for Your Office

- Maximize efficiency by creating your own custom precedents and templates
- Regular, free software updates add new functionality and expand on the key components currently found within Brief Convey™

Brief Convey™ is another example of Stewart Title's unwavering commitment to creating innovative products that bring greater efficiencies into your law office.
