Canadian Corporate Profile

A Leading Title Insurance Provider

Stewart Title Guaranty Company stands proudly as one of the largest title insurers in the world. With more than a century of experience, we have become a leader in the global title insurance industry with products available in a multitude of international markets.

A Canadian Choice

Since Stewart Title opened offices in Canada, we have maintained strong ties with the legal community. We value the expertise that legal professionals and their teams bring to real estate transactions and believe that it is in the best interest of Canadian consumers that legal professionals continue to maintain their central role in the closing process.

It is for this reason that our unwavering philosophy is that the role of a title insurer in Canada should be to underwrite risk, allowing lawyers/notaries to provide legal advice, prepare documents and close transactions. We do not support or participate in programs that reduce or eliminate the legal professional's role in real estate transactions. We focus on providing coverage, tools and service that facilitate and enhance the real estate closing process.

Today, we are the preferred choice for legal professionals who trust Stewart Title as a qualified partner and reliable insurer that delivers results. We know that by working together, we can provide the best outcome for buyers, owners and lenders.
